

The advertisement features a large, detailed image of a MAXAM MS303 tire on the left, showing its E-3 tread pattern. The tire is mounted on a yellow scraper vehicle, which is partially visible in the background. The MAXAM logo is positioned above the product name 'MS303', which is in a large, bold font. Below the product name, the tread pattern 'E-3/L-3' is specified. A list of features and applications is provided to the right of the tire image. At the bottom of the page, there is a technical table and the MAXAM logo.

MAXAM

MS303

E-3/L-3

A high traction E-3 pattern for use in scraper applications.

- Excellent traction in soft, wet, and rocky conditions
- Reinforced shoulder and sidewall for improved cut resistance
- High strength bead designed to minimize wheel indexing at high torque
- Wear and cut-resistant tread compound
- Self-cleaning tread ensures maximum traction in soft, wet and rocky conditions

Applications:
