

Premium solid port tire for terminal trailers.

- ▶ SM tread maximizes tire life for lowest operating cost
- ▶ Premium Low Rolling Resistance (LRR) tread compound:
 - Prevents heat failures
 - Reduces fuel consumption
 - Minimizes tire wear
- ▶ Full tread profile for uniform load distribution
- ▶ Available in multiple configurations:
 - Standard and Swift (Clip/Halo/LOC) bead configuration
 - 2-stage or 3-stage tire construction
 - Dual mount assemblies or tire only
